# 7th Period: CO2 Dragster Reflection

Intro to Technology. Students write an online reflection on the whole CO2 car project and turn it in to me. No passwords are needed today.

WRITE THIS ON THE BOARD

**doubleblaze.solutions/trail-crew/dragster/race-day/reflection**

The Leaderboard tab at the top of that page shows race times, for question 1.2a. Please do not open the Teacher tab.

## The 50 minutes

| | |
|---|---|
| **0 to 5** | Attendance. Students open the link on their own device. |
| **5 to 8** | Read the box below aloud. |
| **8 to 47** | Students write, quietly and on their own. Walk around. Point anyone stuck to the gray "Still to do" list at the bottom of the page. |
| **47 to 50** | Anyone done presses **Turn in my reflection** and shows you the green **Turned in** screen. |

**Say to the class:**

1. Type your first and last name and pick Period 7.
2. Answer every question. Each box shows a word count and turns green when you have written enough. Be specific: name real moments, tools and times.
3. The Turn in button unlocks only when every answer is long enough. Repeating words to fill space will not count.
4. Your answers save on this computer as you type. If you do not finish, use the same computer next class and pick up where you left off.

## If something goes wrong

| | |
|---|---|
| **The page asks for a password** | The site has not been unlocked. Students write their answers in a Google Doc and paste them in next class. |
| **Turn in stays gray** | Scroll to the "Still to do" list at the bottom. It names each answer that is too short. |
| **Answers disappeared** | They save only on the computer and browser where they were typed. Reopen the same link there. Never press "Start over". |
| **Doesn't know their race time** | Check the Leaderboard tab, or write "don't know". That is fine. |
| **Finishes early** | Reread every answer and add a specific example or a "because" to each one. The word counts are the minimum. |
| **Error when turning in** | Wait a minute and press it again. The answers are still on the page. |

## For me: who did not turn it in, and anything I should know
